

QUALITY AND ENVIRONMENTAL POLICY

This Policy document is a statement of the commitment of Clark Eriksson Associates to continually improve the quality, reliability and the efficiency of our services and to fostering concern and respect for the environment to ensure they meet our own and our customers' expectations and requirements.

The key activities provided by Clark Eriksson Associates are: Project Engineering, Project Management, Consultancy and Design Engineering.

We aim to continually improve the effectiveness of our business and our capabilities through the regular review of our processes and through education and training. The achievement of improved quality and environmental objectives and targets, as set out in our Performance Contract is the result of management through the total involvement of all staff.

We will, in the interests of our business and the service we provide to our customers, promote and communicate throughout the organisation, the need for both quality and environmental awareness as a prerequisite for ensuring the integrity of design and through compliance with appropriate design codes and standards, environmental laws, regulations and other requirements and directives applicable to our activities.

We will develop, maintain and continually update an integrated Quality and Environmental Management System structure and shall appoint a management representative to act as the focal point for the co-ordination of all activities associated with the system.

In acknowledging the importance of our vendors'/suppliers performance in achieving our quality and environmental aims, we seek to establish a close and constructive relationship with all suppliers and sub-contractors.

All employees have a direct influence on the quality of our service. As a result, compliance with the provisions and objectives of this manual and our guidelines are mandatory on all personnel.

It is the responsibility of the Managing Director to ensure that the Company's IMS Policy is understood, implemented and maintained throughout the Company.

Signed *Scott McMartin*
